Preface . . . iii
List of surface-water stations, in downstream order, for which records are published in this volume . . . viii
List of ground-water wells, by county, for which records are published in this volume . . . xvi
List of discontinued surface-water discharge or stage-only stations . . . xviii
List of discontinued surface-water-quality stations . . . xxxv
Introduction . . . 1
Cooperation . . . 2
Summary of hydrologic conditions . . . 3
    Hydrologic setting . . . 3
    Hydrologic conditions for 2001 . . . 3
    Surface-water quality . . . 9
    Ground water . . . 10
Special networks and programs . . . 12
Explanation of the records . . . 13
    Station identification numbers . . . 13
        Downstream order system . . . 13
        Latitude-longitude system . . . 13
        Well-numbering system . . . 13
    Records of stage and water discharge . . . 14
        Data collection and computation . . . 15
        Data presentation . . . 16
            Station manuscript . . . 16
            Data table of daily mean values . . . 18
            Statistics of monthly mean data . . . 18
            Summary statistics . . . 18
        Identifying estimated daily discharge . . . 19
        Accuracy of the records . . . 19
        Other records available . . . 20
    Records of surface-water quality . . . 20
        Classification of records . . . 20
        Accuracy of the records . . . 20
        Arrangement of records . . . 21
        On-site measurement and sample collection . . . 21
        Water temperature . . . 22
        Sediment . . . 22
        Laboratory measurements . . . 22
        Data presentation . . . 23
        Remark codes . . . 24
        Quality-control data . . . 24
        Blank samples . . . 24
        Reference samples . . . 25
        Replicate samples . . . 25
        Spike samples . . . 25
    Records of ground-water levels . . . 25
        Data collection and computation . . . 26
        Data presentation . . . 26
Access to USGS Water Data . . . 27
Definition of terms . . . 28
Techniques of Water-Resources Investigations of the U.S. Geological Survey . . . 40
Surface-water-discharge and surface-water-quality records . . . 45
    Remark codes . . . 44
        Dissolved trace-element concentrations . . . 44
        Change in National Trends Network procedures . . . 44

CONTENTS--Continued

Page

Discharge at partial-record stations and miscellaneous sites 506
Crest-stage partial-record stations. 506
Annual maximum discharge at crest-stage partial-record stations during water year 2001 506
Discharge measurements made at miscellaneous sites during water year 2001 507
Ground-water levels 551
Quality of ground water 565
Index. 574

ILLUSTRATIONS

Page

Figure 1. Selected stream-gaging stations and drainage basins in Washington 4
2. Daily mean discharge for water year 2001 compared with the percentile distribution of daily mean discharges for the period of record, for selected stream-gaging stations:
A. Chehalis River near Grand Mound station (12027500) 5
B. Quinault River at Quinault Lake station (12039500) 5
C. East Fork Lewis River near Heisson station (14222500) 5
D. Nooksack River at Deming station (12210500) 6
E. Puyallup River near Orting station (12093500) 6
F. Wenatchee River at Plain station (12457000) 6
G. Ahtanum Creek at Union Gap station (12502500) 7
H. Walla Walla River near Touchet station (14018500) 7
I. Hangman Creek at Spokane station (12424000) 7
3. Surface-water stations with water-quality data collection in Washington 11
4. Well-numbering systems used in the State of Washington 14
5-50. Location of and schematic diagram showing surface-water and water-quality stations in the:
5,6. Naselle and Willapa River Basins 45,46
7,8. Chehalis River Basin 49,50
9,10. Quinault, Queets, Hoh, and Quillayute River Basins 68,69
11,12. Hoko, Elwha, and Dungeness River Basins 74,75
13,14. Big Quilcene River, Duckabush River, and Big Beef Creek Basins 85,86
15,16. Skokomish River Basin 89,90
17,18. Minter Creek Basin 104,105
19,20. Deschutes and Nisqually River Basins 107,108
21,22. Chambers Creek Basin 120,121
23,24. Puyallup River Basin 128,129
25,26. Duwamish River Basin 158,159
27,28. Lake Washington and Sammamish River Basins 188,189
29,30. Snohomish and Stillaguamish River Basins 223,224
31,32. Skagit River Basin 268,269

ILLUSTRATIONS--Continued

33,34. Nooksack River and Samish River Basins 290,291

35,36. Columbia River Basin above Franklin D. Roosevelt Lake and including Colville, Kettle, and Pend Oreille River Basins 305,306

37,38. Spokane River Basin 328,329

39,40. Columbia River Basin from Coulee Dam to Wells Dam including Okanogan and Methow River Basins 349,350

41,42. Columbia River Basin from Chelan to Priest Rapids Dam including Chelan River, Entiat River, Wenatchee River, and Crab Creek Basins 378,379

43,44. Columbia River Basin from Priest Rapids Dam to Kennewick including Yakima River and Esquatzel Coulee Basins 409,410

45,46. Snake River Basin including the Grande Ronde River, Asotin Creek, Tucannon River, and Palouse River Basins 431,432

47,48. Columbia River Basin between Wallula Lake and Stevenson including Walla Walla, Klickitat, and White Salmon River Basins 447,448

49,50. Lewis and Cowlitz River Basins and downstream to mouth of Columbia River 462,463
